

Remarks

This Amendment After Notice of Allowance (37 CFR 1.312(a)) is provided in response to the Notice of Drawing Inconsistency with Specification mailed April 4, 2007 for the above case.

The Applicant gratefully acknowledges the Notice of Allowance/Notice of Allowability mailed March 12, 2007 indicating allowable claims 1-4, 8, 9, 13, 14, 16-21, 25 and 27-34 and apologizes for the extraneous material referred to in the Notice of Drawing Inconsistency with Specification.

In response to the Notice of Drawing Inconsistency with Specification, the Applicant has hereinabove provided an amendment which corrects the specification by removing the extraneous material on page 5, lines 10-13 under the Section entitled **Brief Description of the Drawings**. This amendment corrects the specification by removing the descriptions of FIGS. 15A and 15B which were inadvertently left in the application from a draft of the application prior to filing. The present amendment corrects an error made in the previously filed specification and does not add new subject matter.

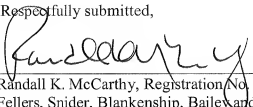

This amendment is believed to be proper, does not introduce new matter and places the application in proper condition for reconsideration and passage to publication.

This Amendment is intended to be a complete response to the Notice of Drawing Inconsistency with Specification mailed April 4, 2007.

The Applicant respectfully requests that the Examiner review and approve this minor correction. The Examiner is invited to contact the below signed Attorney should any questions arise concerning this response.

Respectfully submitted,

By:
